

## 48/2927 Faith Beaded Bracelet Craft Kit

1. Separate the beads by color and shape.
  2. Thread beads onto the left side of the cord and then slide beads to the right as more beads are added. If your wrist size is smaller, leave some of the beads off the cord before tying. Make your own design or use the following step to make the bracelet like the one shown in the drawing.
  3. Alternate round beads and silver beads. The round beads will be threaded onto the cord in the following color order: red, black, yellow, purple, white, blue, green, red, black, yellow, purple, white, blue, green, red, black, yellow, green; and the silver beads will be threaded in between each of the round beads.
  4. Tie the ends of the cord into a knot when finished. Trim off excess cord ends.
- Colors of Faith: Yellow represents God's perfect light. Black represents our sins. Red represents the blood Jesus shed for us. Green represents the new life we have in Jesus. Blue represents our baptism. White represents purity. Purple represents the crown of life.
