

48/3102 Nail Cross Necklace Craft Kit

Be sure to have adult supervision if using a hot glue gun for this craft.

1. Glue the small notched nail to the larger nail making sure that the notch fits inside the hole of the larger nail and the two nails form a "t" shape.
2. Glue the second small nail to the back of the larger nail making sure that the nail head is on the opposite side from the first small nail. Allow time for the glue to dry.
3. Tie the thinner cording diagonally around the cross at the center. Wrap it around all three nails several times at the center, as shown in the picture. Tie and glue the cording end to the back of the cross. Trim excess with scissors (not included).
4. Thread the thicker cording through the hole at the top of the cross.
5. Thread the end of the cording through the plastic clasp and tie a knot. Trim the excess end from the cording and pull the knot inside the clasp. Repeat for the other side of the cording.
